### **Do I have to provide my personal data to you?**

Yes. Your personal data is held in order to enable the Council to comply with the terms of the Local Government Pension Scheme and wider pensions legislation. Unless you have a contract for less than 3 months, the Scheme rules require you to be automatically enrolled into the Scheme in which case you and your employer are required to provide certain personal data to the Fund.

If you do not provide the relevant personal information this may affect the benefits payable to you under the Fund. In some cases it could mean that we are unable to put your pension into payment or have to stop your pension (if already in payment).

You should be aware that even if you were to opt out of the scheme, the Council would still be obliged to retain certain information as confirmation of your membership record in the Fund.

### **How long do we keep hold of your information?**

We will keep your personal data for as long as is needed in order to administer the Fund in accordance with the law and to deal with any questions or complaints that we may receive about your entitlement.

In practice, this means that your personal data may be retained for as long as you (or any dependant beneficiary who receives benefits after your death) are entitled to benefits from the Fund and normally a period of 5 years after this.

Your personal data needs to be retained even if you have transferred your rights out of the Fund, opted out or had a refund of contributions. This is to evidence how your liabilities have been discharged.
